

MULTIPURPOSE FIREFIGHTING AND DEMOLITION IMPLEMENT**ABSTRACT OF THE DISCLOSURE**

5 A multipurpose firefighting and demolition implement is disclosed. The
implement uniquely combines the functions of at least three or more of the
following: an axe, a shovel, a hoe, a pry bar, a hook, a claw, and a socket into one
compact, toteable implement for use in firefighting and demolition. The
implement comprises a dual-sided head with a handle mount in the middle. The
front side of the head comprises a substantially flat front blade with a toothed edge
10 on the edge of the blade opposite the handle mount. The front blade may also
comprise a socket. The other side of the head comprises an axe blade. The axe
blade includes a notched portion on either the upper surface, the lower surface, or
on both of the upper and lower surfaces of the axe blade.
